

## LS2,LS3,LS7 Coil Relocation Kit

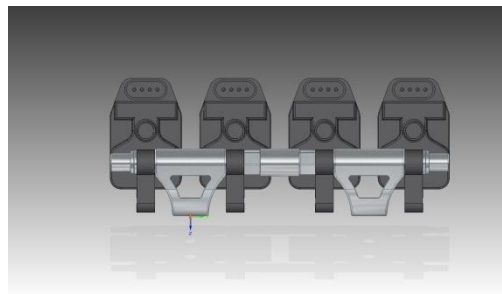

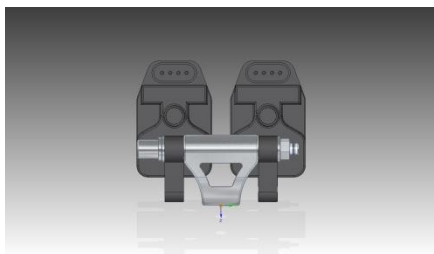

AF64-4034, AF64-4034BLK

### Kit Contents:

The Aeroflow coil relocation kit is an innovative lightweight modular design that allows multiple mounting options. The kit contains components to mount 8 LS2, LS3 or LS7 style mounting coils in pairs or by optionally using the included spacers they can be mounted in groups of 4.

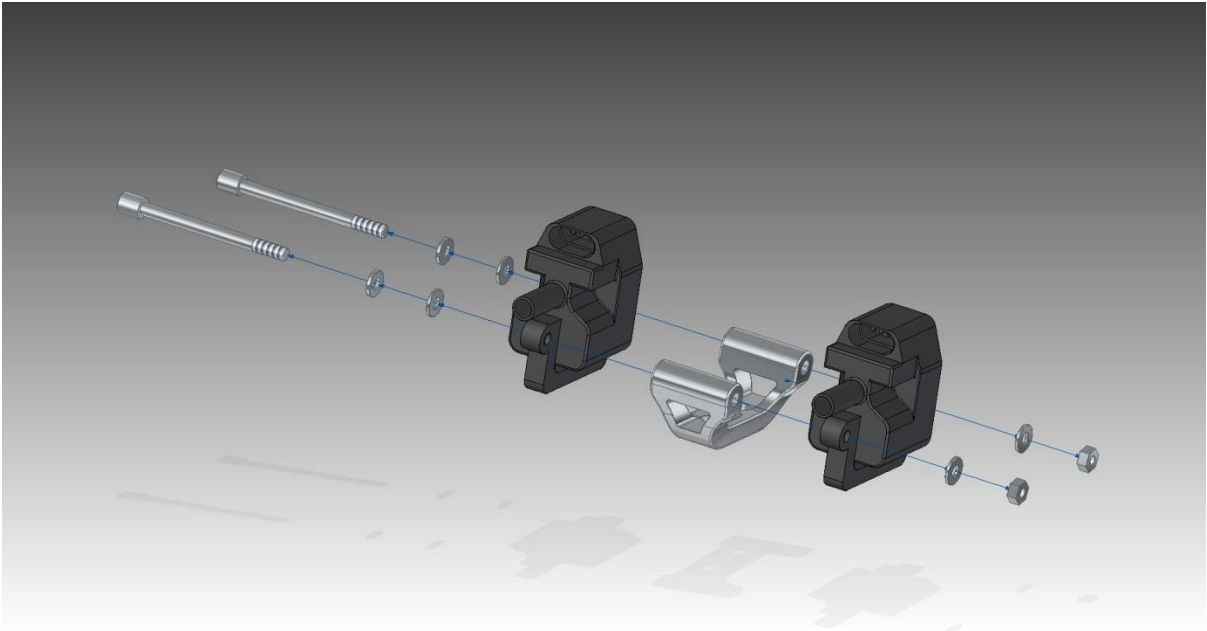

*Note: LS2, LS3 & LS7 coils have an 82mm mounting pattern, this kit doesn't suit LS1 & LS6 style coils which have a 65mm mounting pattern. Use AF64-4032 or AF64-4032BLK for LS1/LS6 coils.*
