Does White Wizard contain any harmful chemicals?

No, White Wizard does not contain any bleach, petroleum or harmful chemicals. It is safe to apply on any surface or fabric.

Should I be concerned about using White Wizard around my children or pets?

White Wizard is perfectly safe to use around children and pets. In fact, White Wizard is ideal for household use because it is odorless, non-toxic and does not contain any harmful chemicals.

*Recommended by
The New York Times,
Better Homes & Gardens,
and moms everywhere.*

For decades government agencies, the U.S. military and businesses like Disney and the Hilton Hotels have used White Wizard.

Now you can use it at home to eliminate stubborn stains from virtually any colorfast fabric or surface.

DIRECTIONS

For most stains including carpet stains, apply liberally with a terry cloth towel then remove with a clean damp cloth. Stubborn stains may require light brushing.

For use as a pre-stain on washable fabrics, rub into stain, collars and cuffs then wash normally.

For use as an instant dry clean, rub into stain until it disappears, then wear the garment.

Test all stained items for colorfastness prior to using White Wizard.
